According to Crawford County Sheriff Curt Haas, breaking & enterings, primarily of unoccupied buildings, is on an alarming increase this year compared to last. Predominance of the complaints are coming from an unspecified area and the sheriff asks that citizens report suspicious persons moving about in their areas to his attention.

The sheriff's dept. reported that this past Sunday, a complaint from a south-county resident resulted in the arrest of two juveniles involved in a breaking & entering, ages 11 and 14. Both have been petitioned to probate court.

## In Helicopter Mishap

### Rocket Narrowly Misses Monarch Pine

No injuries occurred in a helicopter rocket-firing mishap on Monday, August 20th at about 7:05 p.m. A helicopter on firing maneuvers from Troop D, 238th Cavalry Division out of Grand Ledge, Mi., in training at Camp Grayling, accidentally had a rocket released which landed and exploded some 400 feet from the giant Monarch Pine in Hartwick Pines.

There were visitors on hand at the park and on the trails at the time of the incident but fortunately the only casualty was some shrubbery in the area.

Firing maneuvers were discontinued following the incident and appropriate safety measures have been taken.

## Membership Drive to Highlight Lake Property Owners Meeting

(Special to Avalanche)

A report on initial results of its 1979-80 membership recruitment drive and plans for sustained follow-up will highlight the agenda of the season's final general meeting of the Lake Margrethe Property Owners' Association, Saturday, September 1.

The meeting, which is open to the public, will be held at 10 a.m. in the St. Francis Episcopal Church hall. Directors and committee chairmen will convene at 9 a.m.

Clarence C. "Cal" Brenner, president, said the recruiting drive was kicked off in mid-summer with a meeting to all property owners on the Lake Margrethe area tax rolls, which spelled out the benefits of membership, how the Association works, and how it keeps members informed.

"Inflation, taxation, the budget crunch on local government services, and pressures on land-use are all issues that worry the individual property owner," Brenner said.

"These concerns make Association membership a must for all area residents who are concerned about

## Kiwanis Stag Day a Success

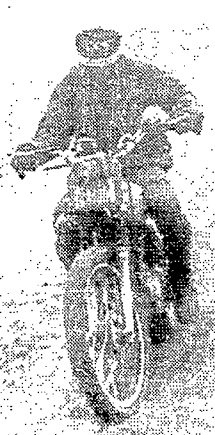

The Grayling "Kiwanis Stag Day" held at the Grayling Country Club, Thursday, Aug. 16th was a huge success both fun-wise and weather-wise. The weather was absolutely perfect, it was made to order.

On the drawing, the 1st prize, a set of golf clubs was won by Dave Wiltse, the 2nd prize, a golf cart was won by George Spencer and the 3rd prize, a dozen golf balls was won by Bud Sidwell.

Many nice door prizes were given away. In fact everyone in attendance received something. We wish to thank the many merchants who so generously donated these prizes.

The Kiwanis Club wishes to offer a special thanks to 5 members of the JayCees who donated their time and helped in making our "Stag Day" a success. Those members were Dean Molnar, Dale Nielson, Pete Kocenas, Jim Weadbrock and Dave Wiltse.

In addition we wish to thank others outside the Kiwanis that also worked at the Club. Thanks to all who attended and participated in the fun fest.

## Fun-Food Highlight Riverboat Regatta

While Pat & Bernice Fowler and their cooking crew were barely finished with washing of the breakfast plates, the 7th Annual AuSable Riverboat Regatta got underway. Before heading downstream, riverboat canoeing enthusiasts gathered together at Fowler's Edgewater on the AuSable where the fete got underway. A delicious flapjack breakfast, including a plateful of scrambled eggs and ham was served before participants hopped aboard their canoes to take off on the leisurely event.

They headed downstream, fishing and enjoying themselves along the way to Jim's Canoe Livery where they enjoyed a full afternoon of potluck dinner "entrees" and even more "fun" before the festivities concluded.

All those who took part in this year's event are looking forward to next year and the next and the next. It was a fun-affair full of food, fun and festivity, and, of course, the trip downstream was the highlight of the Regatta!!

and Joe Schrader

The Crawford AuSable Board of Education met last Thursday to discuss the school's financial problem, a dilemma caused by the failure of the last millage vote three days earlier.

The board approved a motion that assistance superintendent, Paul Lerg, be allowed to borrow without competitive bidding against anticipated state aid, an amount not to exceed \$540,000. If o.k'd, this would allow schools to operate through October. The loan would be at an interest rate not to exceed 8% annum.

More than 100 concerned citizens heard the board outline three future millage alternative. Voters could be offered the same millage proposal that has already failed twice (18.9 mills) or a reduced package which would be a 15.65 renewal plus 2.25 additional, bringing the total to 17.90 mills. The last alternative is to go to the voters with just the renewal.

"I don't recommend we come back to the voters with the same proposal, since it's already failed twice," remarked school superintendent, Dr. William Diedrich. He explained that there was no

way the district could operate on 7.1 mills (county allocated). He said another vote should be scheduled as soon as possible, the earliest being October 8th, a date agreed upon later in the session.

"Students must attend school for 180 days a year," said Diedrich. "If our doors close we must make up those days and this could mean no holiday vacations, and besides that, we could even go into the summer and attend school on weekends as well."

The school system has a staff of 175. If the schools close due to another

millage defeat, many of these will be unemployed. This would cost taxpayers \$17,000 a week.

"If the schools close it will destroy confidence in the school system, the climate in the community, and for these reasons we're taking every step possible so we don't have to close our doors," Diedrich explained.

After a lengthy discussion by the board members, and after listening to opinions expressed by members of the public in attendance, the board decided to return to the voters October 8th an op-

## State Negotiates For 106 Miles of RR Track

The Michigan Department of Transportation (MDOT) will begin negotiating for acquisition of 106 miles of railroad track between Linwood (north of Bay City) and Salings (south of Gaylord).

The proposal to start negotiating with the track owners, Penn Central Corp., and to negotiate simultaneously for long-term operation of the line, was approved by the State Transportation Commission. The state now

leases the track from Penn Central.

The commission also authorized MDOT to extend the present rail freight operating contract to March 31, 1980.

The Detroit and Mackinac Railway Co. has been operating the rail service with state subsidy on a year-to-year basis since April 1, 1976. State support for the year, including the extended contract, amounts to \$843,000.

## Bits O'Talk

by Fay Bovee  
Grace and Louise Feldhauser, and Katie Nave, accompanied by Ellen O'Brien of Saginaw enjoyed a memorable trip to the Canadian Rockies. They toured by bus from Calgary Alberta to Banff. The hi-lite of the trip was spending two days heli-hiking in the remote caribou mountain range of British Columbia. Two nights were spent at the Caribou Lodge, flying in by helicopter. Mountain climbing shoes, a backpack, including parka, rain gear and mosquito jackets were furnished. They made several "drops" daily, landing on glaciers, meadows and rugged terrain near water-falls, lakes and sheer drop-offs. There were many rough ascents and descents in the hiking. The party consisted of five teams in groups of eight. Grace and Ellen were placed in team No. 1 and participated in very strenuous heli-hiking. Lunch was taken picnic fashion in a high mountain meadow. The weather was perfect throughout.

The varsity cheerleaders are having a garage sale to pay for their sweaters. The sale is Aug. 31st, Friday and Sat. Sept. 1, 10 a.m. to 5 p.m. at the George Dice residence 128 Fulton St.

Sandy and Bob Luter, son Andrew and his friend, Maggie Sands, of Clarkston, spent from Wednesday until Sunday at the home of her parents, the Bob Strongs. While here they took a trip to Mackinaw City. On Sat. they attended the reunion of Bob Luter's high school graduating class held at Hartwick Pines and in the evening visited her brother, Bob and Mickey Strong, daughter Bethany and her friend Rene Birmingham down river.

The Bob Young family of Bridgeport enjoyed the weekend at their Lake Margrethe home.

Archie Cripps of Mesa, Arizona, a former resident of Grayling, accompanied Harold Cliff to Grayling and is visiting friends.

While here he entertained the Kiwanis and Rotary Clubs on his Musical Saw, he also entertained at the Senior Citizen picnic.

Mrs. Leona DeVos passed away at Tolfree Memorial Hospital in West Branch on Saturday. Friends extend their deepest sympathy to the family.

August 20, 1979

Dear Editor,  
We are students of the Grayling Middle School. We would like to know the reasons for the millage not passing.

We believe we should have the right for education just as our parents did. We need an education to live in this world. We would like to be something when we grow up. Without education, we cannot find a job and will not be able to survive.

We also need extra activities (like sports) to make school more interesting. We are hoping for the millage to pass and are hoping for a great school year!

Sincerely,  
Angie Parrett &

tion of asking for 15.65 mills (renewal) with an additional 2.25 bringing the total to 17.90 mills. There will be a one mill addition, as a separate issue. This would be added to the base to restore eliminated programs (outlined hereafter).

As board president, Kathleen Burkley put it, "the cuts will be difficult and emotional and will affect your children as well as mine."

The cuts outlined on Page 16 represent 1 mill and will be an added issue on the ballot in October. If the voters want the items returned to the school's program, the 1 mill addition will have to pass along with the 17.90 mills, which represents a 2.25 increase over last year's millage.

So it's up to the voters of the Crawford-AuSable School District what the students get this year. The vote is scheduled for October 8th for 17.90 mills, a 2.25 increase, or another choice adding one more mill to maintain the schools at the level they were last year.

An outline of the budget cutbacks and/or possible cutbacks are outlined on Page 16 of this week's edition.

School Supt. Dr. William Diedrich explained that cutbacks No. 1 through 10 will begin immediately and be reinstated only if the one (1.0) additional millage to the base request is approved.

Items numbered 11 thru 23 will not be made immediately. Approval of a reduced increase of 2.25 mills on top of the renewal (15.65), will enable the school system to keep these and the remainder of its programs and services.

## From Our Corner ...

Mercy...after two weeks of relatively no problem at all to sit down with ol' Smitty and just watch the smoke comeout as we knocked out our weekly blab, we now approach another week where we are to the point of no return...all day we have pondered about something to fill our space...at the present...no such luck...

An idle thought...maybe we should try and get back into the golf league next summer...that way on nights like this we could write about rain, or that low score we always dreamt about and never got...or possibly a remark could be made about the 10th hole...it has been so long since we have been there, possibly they have removed our favorite stool...

We were talking to Attorney John Huss in the post office one day last week, and he asked if we were con-juring up one of our fire and brimstone editorials...we think he was being a little facetious...it matters little, we just wish big John was here tonight, we'd let him fill this turkey, and we'd go home...

We must be getting to be a big city...we have all the elements about...now we understand we have a bomber of sorts...we heard Monday that a caller told the Holiday Inn Saturday night that a bomb was set in the lobby and bar...we got jerks around town, now evidently they have become able to read and are trying to go first class like their brethren who go for air lines...

And to think...this once was a quite little hamlet...

For those who may be interested...we talked with Dane Sunday evening and found everything is ship shape with Cyd and Amber since their move from California to Nevada...they are settled...and our bride found out they have a golf course across the street where they live...it's a good thing there is still golfing weather here or we're afraid we'd become a golf widower right now...

For us...we're going to try and save a couple nickles so if the Lord is willing we maybe able to take in the Vegas strip...it's just down the road from the golf course...

We hate to be a spoil sport...but, as you read this, do you realize there are but 12 days until Labor Day? Don't ask us where summer got up and went...we can hardly remember if we had a summer this year...frost on the pumpkin is right around the corner...

Every year, when it's over with we say, I'm going to make it next year...we refer to the Long Boat Regatta that was held last weekend with it's start at Bernie and Pat's Edgewater with a flapjack breakfast...this is no different...maybe one of these times we will be able to make it, sure looks like fun, even for a non-fisherman, or an outdoorsman such as I.

We have heard a few remarks lately on how lucrative these school elections must be to the Avalanche...to set the record straight...it hasn't been our volition that the populace of the Crawford-AuSable school district is faced with another vote to see if the schools are going to open this year or next...

Also we might add it is not just the Avalanche that might make a couple bucks...also involved are attorneys, Doubleday printers, workers on the polls...if our side had won, there would not have been all this expense for the last one, and your next decision coming up on October 8th.

We just checked last week's Corner and found we hadn't mentioned a thing about T.J., Stef, and the black pony visiting us for a few days last week...with that taken care of...all we can add is have a nice weekend...think a nice fall...possibly we may have one, certainly summer didn't last long...

## Yet Another Life For Paulsen

Each year for the past  
five years Pat Paulsen,  
comedian and producer of  
the Cherry County Play-  
house, has included a  
rather unique feature in the  
program of his Traverse  
City theatre. Like most  
theatres the Playhouse in-  
cludes biographical infor-  
mation on the performers  
in the program. Paulsen's  
credits however, are dif-  
ferent.

In the 1977 program  
Paulsen was described as  
"The son of famed Nor-  
wegian actor Norman  
Paulsen who spent his  
early life trying to save on  
transportation expenses  
and sent Pat from city to  
city in a trunk as excess  
baggage." The next year he  
was the son of the famous  
Greek actor Myrkyos Paul-  
sen from whom he learned  
to give tragic performan-  
ces. This year, the program  
proclaims him "born in  
Tehran, Iran when the  
Shah took power." It con-  
tinues, "Pat and his father,  
Ayatullah Khomeini,  
moved to Paris. It was  
during these years in Paris  
that Mr. Paulsen took up  
his love for art. He became  
the worlds foremost cranial  
painters. His nose dabs

and ear swirls became the  
toast of the continent."  
"It was only a matter of  
time before Paulsen's  
talents lead him into the  
world of the theatre. He  
began designing sets for  
productions all over the

## Roscommon Guitarist to Perform

Tom Stoneman, a classical guitarist from Roscommon, will return to his hometown to present a concert at St. Michaels Church on Sunday, August 26 at 8:00 p.m.

Tom, 21, graduated from Roscommon High School in 1976 and has studied at Oakland University in Rochester, where he had maintained a 3.6 grade point average. His high grades and musical talents have helped Tom earn several scholarships and grants including one from the William Morris Foundation, and he has also been the recipient of Oakland University's Life Scholarship each year he has attended. Tom himself has earned money for his education by giving lessons in classical guitar. He is pursuing two degrees; Composition and Music Theory.

He has been playing the guitar since the age of 10, according to his father, Richard Stoneman. Mr. Stoneman also related that the fact that the family own Roscommon's Strand Theatre has helped since Tom practices in the theatre when it is not in use.

This summer Tom is furthering his studies in composition at Interlochen Arts Academy, and performed there with the American Youth Symphony.

Tom has performed often at Oakland University and has gained increased attention for his efforts. He is a talented, serious, hardworking young man and we are fortunate to have him take the time to present a concert while home.

Music for the evening will include selection by Bach, Sor, and Stoneman himself. There is no admission charge for the concert, but donations will be accepted and turned over to Tom to help defray his educational expenses.

The concert here is sponsored by the Roscommon Chamber Music Society-Arts Council as part of their Tenth Annual Fine Arts Festival.

### Public Notice

Since our understanding of the financial situation of the Crawford AuSable School District is such that schools will have to be shut down in the fall unless the next millage election is successful, the Crawford AuSable Federation of Teachers has agreed to return to school on a day-by-day extension of the present contract.

Negotiations have been postponed until the district's financial situation has been clarified.

### Editor's Mailbox

To Whom It May Concern,  
As a young adult in Crawford County, I would like to speak out on my feelings to what is happening here.

It's so discouraging to see everything literally falling apart. Talking about school millage and other county departments.

In this, everyman for himself world it's not surprising, but why can't Crawford County take a different stand.

I was born and raised here and graduated from Grayling High School in 1971. At that time I sat in classrooms with leaky pipes and plaster that on occasion fell from the ceilings. This same school is now the Middle School. After eight years it's hard to say what it's like now, but I'd really hate to know.

Of course, we are fortunate enough to have a beautiful new High School and Grade School in this county, but what good are they if they can't even open and stay open. Are we going to let not only the

school itself but what the interior has to offer go to waste? What's already been achieved is part of your tax dollars too. No one wants to spend, but how many just want to waste?

Teachers spend a lot of money and time for an education. Not only for a job, but also for a chance to help young people to grow and learn. But who wants to have to fight for a job every year with taxpayers? You can understand why their morale in the classrooms would be down. If you don't care, why should they?

In my years of schooling here in Grayling, I not only received an excellent education, but also had the opportunity to be involved in many extra curricular activities. We've already seen football, basketball and band terminated, merely in order to open school doors in Sept. We have yet to know what other cuts will have to be made to stay open in Oct. The above activities are an important part of a good education. They build good qualities in young people—cooperation, sportsmanship and spirit. We will not only deprive them of these qualities, but will also run the risk of them developing much more destructive uses of this vast amount of unsupervised free time.

Our educational system depends on the support of the community. There's an old saying, "You only get what you pay for". We in Crawford County have chosen to cut educational funds. The consequences will not only affect our children, but also the community at large.

What industry would choose to locate in an area where there's little or no police protection, city or county services, and a school system that has to struggle to exist?

Sincerely,  
Marie McIsaac

Dear Ms S.J. Papendick:

I would like to take this opportunity to thank you for your generous assistance today in the fabrication of my flag. This flag is to fly on the right hand corner of my jeep, to indicate that the Commanding Officer of a Service Battalion is on board. My original flag was torn quite badly on our trip to Grayling from North Bay.

I really appreciate the help the ladies of the Yard Stick Shop have given me and especially yourself for the excellent sewing.

I believe that I speak for all of us here in the Canadian Contingent at Grayling when I say that we have always enjoyed close association with our American hosts, and we look forward to many more years of visitation.

## Mackinac report: Some work, some fun

RICHARD MILLIMAN

Mackinac Island is one of the country's most fascinating locations, and a visit to Mackinac Island for me has always been a memorable event—especially, Mackinac Island when it's Grand Hotel style.

Combine this with a meeting of friends and colleagues and you come up with an always enjoyable event—the summer convention of the Michigan Press Association.

Mackinac Island itself usually is the star of any show it hosts, as it was this year with the press group. Few places in Michigan, or even the nation, can match the island's breathtaking scenery, coupled with Mackinac's hold on the traditional. Transportation on Mackinac, of course, is non-motorized, either by bicycle, horse or afoot. This little detail multiplies the island's innate charm.

Of course, the village of Mackinac Island is overrun with tourists, which is what tourist attractions are supposed to be. Fudge shops, souvenir stores, eateries all were jammed during the MPA gathering. The charm of Mackinac, for me, is entirely away from Main Street, up in the hills overlooking the water the natural sites, reliving the history and the legends.

The MPA convention this year, however, was a working convention, and that, too, is what conventions are supposed to be. Publishers and editors traded ideas in workshops on everything from circulation methods and problems to legal advertising rates. Learning from your friends—and competitors—is often the easiest and most efficient method.

Broader-range problems of the press were discussed by outside speakers, headlined by Allen Neuharth, top man of the gigantic Gannett Newspaper group and president of the American Newspaper Publishers Association. Neuharth is one of this nation's most vigorous champions of the First Amendment, and he warned of the erosion of public rights and protections.

Citing the "air of intimidation" engen-

dered by the current "imperial judiciary" of the nation, Neuharth warned the newspaper officials:

"The First Amendment is in trouble. We must take up the fight to rescue it. We must be neither too petulant nor too patient. But we must be firm and uncompromising on principles; we must be smart and tough in our strategy..."

"In our crusade to free the First Amendment, we must have the people—the ordinary citizens—on our side. And we do have a large reservoir of public support going for us right now, which may surprise some right here in the press and many in the courts and legislatures..."

"The First Amendment is the right of every American to worship as he or she wishes, without government interference. The First Amendment is the right of every American to peaceably assemble, without government interference. The First Amendment is the right of every American to speak out as he or she wishes, without government interference. And, the First Amendment is the right of every American to a free and unfettered press, without government interference."

"That is what the First Amendment is all about, for all Americans. None of those freedoms can be limited without being lost. That is why we must fight to rescue, defend and uphold the First Amendment, from the first word to the last..."

This is not a new message for Al Neuharth to deliver; he has spread the same or similar gospel on every suitable occasion. Nor is it a new alarm concerning Michigan newspapers for the first time; more and more newspapers are running into limitations on the right to gather and publish information vital to the public. That's what scares the industry so much.

But a convention at Mackinac Island cannot be all work and no play, and the MPA meeting certainly wasn't. After all, with the rates at the Grand Hotel being what they are, even newspaper people shouldn't be expected to skip all the fun. And we didn't.

## Off Road Vehicle Policy

Mio Ranger District  
Huron-Manistee National Forest

An Off Road Vehicle policy in the Huron-Manistee National Forest has been in effect since December, 1976, but large numbers of people who ride in the National Forest are still unfamiliar with the ORV regulations.

Most everyone in Michigan has heard the term, ORV. The Forest Service definition of off road vehicles includes: snowmobiles, motorcycles, motor bikes, motor scooters, dirt bikes, four wheel drives, dune buggies, amphibious and air cushion vehicles and any other kind of motorized vehicle capable of cross-country travel.

"Where can I ride my dirt bike in the National Forest?" is a question Ranger's hear frequently. All roads and two track roads are open for travel if they are not physically closed with a gate or earth barrier. There are over 5000 miles of roadway available for riding within the Huron-Manistee National Forest. Only single track trails that are signed for ORV use are open. All other single track trails are closed.

One hill climb area located approximately seven miles southeast of Mio known as "Beau Gap" is designated as open to ORV use.

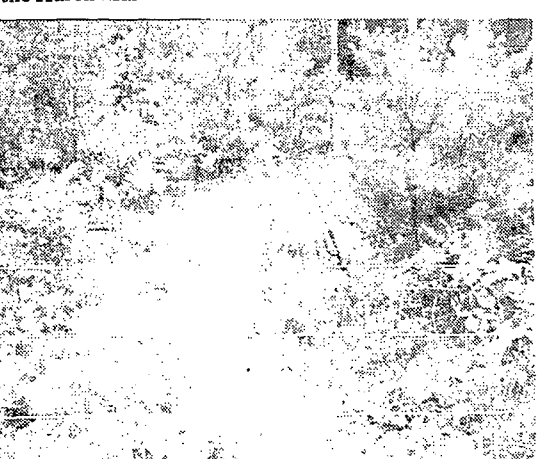

For additional information on ORV regulations contact the Mio Ranger Station on Route M-33 at the north edge of Mio.

THE "NO VEHICLE" signs are posted along foot trails and horse trails and hillsides where there has been unauthorized ORV use.

ONLY SINGLE TRACK trails or hill climbs marked with the ORV trail or dirt bike symbol are open for use on the Huron-Manistee National Forest.

SINGLE TRACK trails that are not signed with the ORV or dirt bike signs are closed to ORV use.

## 4 Year Money Market Certificates

Now First Savings offers a new Money Market Savings Certificate with a maturity of four years that will have a rate ceiling of 1% below the average four year rate based on the yield curve for U.S. Treasury securities as determined each month by the Treasury Department. Minimum investment in this special four year money market certificate is \$5,000 at First Savings.

This is not a "floating rate certificate". New interest rates are established monthly, and after purchase, remain the same for the four year period.

Interest on these certificates will be compounded quarterly. There are no fees or charges. If you wish, First Savings will establish a "check-a-month" program for you under this certificate.

Any withdrawal made prior to maturity will incur a maximum of six months loss of earnings at the certificate rate.

## THOUGHT ABOUT COLLEGE? You Should Know More

About **KIRTLAND**  
COMMUNITY COLLEGE

### Thinking about going to college!

Kirtland Community College is one of the fastest growing colleges in northern lower Michigan. Kirtland offers academic, technical and career training for today's student.

The Associate of Arts or Science Degree program is designed to provide students with the basics in Humanities, Social Science, Mathematics, & Sciences. The program allows additional elective credits to meet the required 60 hours for an associate degree. This means that you can transfer up to 60 hours earned at Kirtland to a four year college or university and start at the junior level.

### If you're a veteran!

Kirtland Community College is approved for VA Education Benefits for all Associate Degree programs. A veteran is eligible if he or she has: 181 days of active service and a discharge under honorable conditions. Benefits expire ten years after the date of separation. Some exceptions made to the above criteria. The amount of the Veteran's Educational Benefits will depend upon the number of dependants claimed and the credit load taken. For more information call Kirtland's Veterans Advisor, Ms. Carole Chilton at 275-5121.

### If you're a Senior Citizen!

All of Kirtland's courses, including specially designed classes to make the lives of retirees and senior citizens more interesting and exciting, are offered at no tuition cost to persons 60 years or older, and their spouses. Check current semester schedules for courses which might be of interest.

### If you need child care services!

Kirtland offers quality care of children of mothers who wish to have their child benefit from an enriched developmental pre-school program.

This service provides opportunities for the child's Social, Emotional, Physical, and Intellectual development. Parental involvement is encouraged through: observation, conferences, participation, and educational programs.

The Child Care Center meets all the requirements for Michigan Licensing and Federal Certification.

Eligibility-

Children ages 2½ to 6 years of age are accepted. This service is open to all parents and children in the community as well as college students and employees.

### If you're concerned about the cost of education!

The least expensive way to get your education is to live at home and attend Kirtland, a low tuition community college.

Your family could SAVE thousands of dollars in just two years. You can attend Kirtland for \$13.00 per credit hour for tuition. (\$19.00 per credit hour out-of-district). Why not attend Kirtland and then transfer up to two years of credit to the four year institution of your choice? (Tuition subject to adjustment, if mandated by the State Legislature.)

Financial assistance is available in a variety of self-help and gift aid programs. To determine what you qualify for, an application for aid must be submitted early in the year. Applications are available at the college.

## Ward Reunion in Lovells

On August 4th and 5th the family of Faye and Fred Ward met at their cabin on the North Branch. Sparking the occasion Tom and Irene Ward with grandchildren Cheryl and Tommy, Jr. drove up from Palm Harbor, Fla. Terry and Linda and grandson Terry, Jr. flew in from Union Lake. Rich, Trish and Nicky (the youngest granddaughter) from Waterford, Robin and Jaye Anna from Wixom with friend Steve LeFevre, Faye and Gary St. John from Union Lake all attended the Fifth Annual Perry family reunion in Grayling.

## Editor's Mailbox

Dear Mr. Madsen:  
It was exhilarating and gratifying, to say the least, to know that Justice prevails in Crawford County. Having observed the dignity with which you submitted to arrest, during the recent Milltown parade all in the name of charity and at the whim of certain crackpots, it was certainly a pleasure to see that the so-called "Leprechaun" was apprehended and incarcerated for soliciting without license or permission. You are to be commended for having to put up with such nonsense; your fellow con, hopefully, has learned a lesson!

## Bits O'Talk

by Fay Bovee

Tom and Ann LaMotte are happy over the arrival of Michelle Renee who was born on August 4, 1979, in Traverse City. She weighed in at 5 lbs. 15 ozs. Grandparents are George and Barbara Benjamin of Walled Lake and Mrs. Anna LaMotte of Grayling and great-grandmother is Mrs. Della Simpson of Grayling.

Bob and Katie Funck attended the 31st annual Brigg's family reunion at Bentley Park in Owosso on Sunday, August 12. A niece, Joy Miftar of Madison Heights, who is spending a couple of weeks with the Funcks, accompanied them to the reunion.

A wake was held to mourn the passing of Paul Dosch (his first half-century.) Reincarnated, as a 50-year-old, with bib overalls, he's out pickin' peas!

The annual Parkinson family reunion was held the weekend of August 11 and 12 with a dinner on Saturday evening at the Shoppenagons and a family picnic on Sunday at Jellystone Park. On Sunday, most of the family visited Grandma Nellie Parkinson at Provincial House in Gaylord. The youngest member was 9-month-old Jason Gill and the ones from the furthest away were Tom and Norma Barber of Victoria, Texas. Jim and Kathy Parkinson hosted the group with the family spending much time at the Parkinson home.

**Chimney Cleaning—**  
Do you need a professional?

Most people are aware that you need to have your chimney cleaned once a year, but do you need a professional to do it. The idea behind cleaning a chimney is to figure out a way to dislodge the creosote without damaging the flue. You can use a burlap bag filled with sand and gravel, a paper bag filled with rags, or a brick wrapped in a piece of carpeting and lowered on a rope. These methods will knock off some soot, but they do nothing against creosote, and you could have a chimney fire the next day.

You may hear of people using chains or a hoe blade for the dirt inside the flue. Don't try it. Unless you know exactly what you're doing, chains and hoe blades are liable to chip mortar, knock out bricks, and in general, wreck havoc on your chimney. If you have used this method, have your chimney examined soon. It could be unsafe.

If you have more questions about chimneys or cleaning, or if you just want to find out where we get our nifty top hats, call us. We are insured.

**Par for the Course**  
by Fay Bovee

One of the improvements to the course has been the painting of the shelter on number 5 tee. Also, in spite of a bad start, some of the transplanted trees look like they are still green. And it certainly is a pleasure to see the front entrance always free of litter and mowed. Tom is doing his share for community pride.

Wednesday morning's play found a bright sun but a chilling wind. One more week of play winds up the season with Men's President's Day on August 28 and Auxiliary President's Day on August 29.

In the eleventh week of play on Wednesday, August 15, Corrine Smith came in with a low of 44, Mabel Gothro, low net of 30, and Corrine and Shirley Bendig, low putts of 15, all in Flight A. Chip-ins were made by Jeannette Kitchen on number 2, Mabel Gothro on number 7 and Pearl Tucker on number 4. In Flight B, Evelyn Kent came in with 54, Faith Stripe had low net of 35, and Ann DuBois and Faith both had 16 putts. Faith chipped in on number 8 and Ann chipped in on number 7. A good day for chip-ins. In Flight C, Phyllis Scheer won in all three categories, low of 55, low net of 33, and low putts of 15. Dorothy Walker also had a low of 55 and Marian Joseph had low net of 33.

**A Note from Senior Class President**  
I am Susan Somerville, Senior class president at Grayling High School. I feel I'm part of our community and school. My activities include: cheerleading, National Honor Society, Director of the Cherub Choir at my church, ballet, and piano lessons. I care about my future. I care for the future of all students. Plus, I care about the future of the Crawford-AuSable School System.

Please read this:  
Talk can arouse but of itself it cannot heal.

To listen—  
TRULY listen—  
is to begin  
the healing process  
a wounded nation needs.

Listen to the wind.  
Listen to the birds.  
Listen to the trees.  
Be still,  
and listen to your God.

Above all, listen to your own conscience.  
This is the beginning of listening.

Then—  
listen to one person.  
Even for five minutes  
each day.

If each of us in the United States listened with all his might for just five minutes each day, wouldn't we be a healthier nation for it?

What this country needs is a good five-minute listener.  
You?

—From Listening by Loretta Girzaitis  
The millage did not pass. I wish it would have passed, as many many others do. Could not this short poem be associated with our city. Is anyone out there listening to the students of our community? We need you! And you need us to help build our community's future. Thanks for "Listening" to this. I hope that you care.

## 58th Annual Oaks Reunion

The Fifty-Eighth Annual Oaks Reunion was held at the home of Sharon and Terry SanCartier, Grayling, August 12, 1979. Potluck dinner at 1 p.m. The tables were loaded with the finest of foods from fried chicken and salads to sauerkraut and smoked sausage. With the most delicious desserts you could think of.

The meeting was brought to order by President Junior Palmer of Grayling. The minutes were read and approved. Sixty-nine people were present, up a few from last year.

Election of officers was held with Barbara Oaks Hogan (daughter of Harry Oaks) as our new President. She is from Sears, Mich. Margaret Oaks is from Clio, Mi., vice president. Marion Henry also of Clio, (daughter of Ruby Oaks West) the new secretary and treasurer 1979-80. Entertainment goes to Jr. Palmer, he does such a great job of it. He is the son of Dewey Palmer of Grayling. Next

year the reunion will be held at Barbara Hogans home at Big Lake near Sears. Potluck at 1 p.m.

Games were played and the kids of all ages winning the chance to dig for "Gold" in a box of sand for all the change you could find and hold in twenty seconds. Fun! Fun!

Great excitement in the sack races with the falling down and picking up of the sacks? Some losing their sacks completely on the way.

Grandmothers and some mothers finding the "Dryers" winning again and clothespins losing in the laundry hanging contest. Even the little kids wanted to try with Ronnie Poston winning over the moms and Sheri SanCartier and Kay Lynne Thayer coming in close seconds. Zina and Barney Vallad claimed the gift for traveling the farthest from southern Florida. Ruby West of Clio received the gift as the eldest, Betty Palmer had the largest family with eight present. Mr. and Mrs. Fran Lennert were the parents of the youngest, the darling Miss Tarrah Lynn Lennert. Not everyone went home with a prize but each left with the satisfaction of the companionship of seeing those from far away with whom we could recall the past, present and the future. Closing with a reminder to all you branches, boughs, twigs, acorns, leaves we will see you next year again on the second Sunday in August, so don't forget. It is the time for a reunion with some of the greatest people on earth. See you next year!

Respectfully yours,  
Leona Goward

## Strolling Around

by Fay Bovee

One of my favorite old houses has been missed in my strolls—the Edgar MacPherson's home on Chestnut Street has numerous planters of flowers again this year. And two doors away, Perry Wells' roses have been blooming.

Consumers Power Company and the City are to be commended for their cooperation in mowing behind the library and historical museum. It does look much better. The City crews have also been hard at work with their stump machine chewing up about 25 old tree stumps around town.

There has been considerable painting going on in various places and the former MacAuley home on Maple is looking great with simulated antique siding. Next week—Norway St.

WHEREAS: It has been the unwritten policy for numerous years of the Crawford County Road Commission to allow employees within the bargaining unit to upgrade themselves by the job bidding process, and since the Commission did allow this process to be followed regardless of qualifications as late as July 1979 in the placement of several employees. Now therefore be it resolved that the employee who on July 27, 1979 was denied his rights under this procedure, be given the same opportunity to transfer as was granted to all employees prior to his request.

Furthermore that this written policy be made a policy in writing, that our employees continue to be given first opportunity in all positions within the bargaining unit.

After much discussion the resolution was voted upon. Gloria Kraus, nay; Grover Cason, nay; Ervin Richter, yea. Resolution denied.

A discussion was held on a complaint about the intersection of Pioneer Road and Johnson Road in Sec 27, T25N, R3W, Beaver Creek Township. The Board authorized Manager Fox to enlarge the intersection to the south.

## Free Booklet on Insulation

A free booklet on home insulation is being offered by the Michigan Department of Licensing and Regulation.

The booklet, prepared by the U.S. Consumer Product Safety Commission (CPSC), describes the hazards of different types of insulation, explains how to figure the amount you need to use, offers insulation and safety tips for the do-it-yourselfer, and suggests precautions for people buying insulation.

William Ballenger, dept. director and Michigan coordinator for product safety information, arranged to have the booklets distributed free in Michigan because so many citizens are now considering insulating their homes to cut winter fuel costs and conserve energy resources.

"The Consumer Product Safety Commission has found that some home insulation can be a fire hazard, a skin irritant, or even cause respiratory problems from formaldehyde odors which can persist for months after installation," Ballenger said.

Copies of "Questions and Answers on Home Insulation" may be had by writing to: Insulation Booklet, Department of Licensing and Regulation, P.O. Box 30018, Lansing, Michigan 48909.
